

XRENDER

Efficient, low-cost project rendering solution provider

WWW.XRENDER.COM

XRENDER For Movie and Television

XRENDER serves 3D image production teams to produce movie , television and animation, special film (circle curtain, giant screen, ball screen), and provides customers with rendering service on demand.

Support 3d software: 3ds Max, Maya, Houdini, Cinema4D etc.

Support for rendering: V-ray, Corona, Octane, Redshift etc.

Local Rendering VS Cloud Rendering

Build a small rendering farm

High self-built cost

Server performance does not meet rendering requirements

High maintenance cost in the equipment room

Causing waste of computing resources when rendering idle

Cloud rendering features

Massive resources of computing, storage and network, and Pay-on-demand

Flexible configuration of server specification

Securing and stable data storage

One-key loading rendering Environment techniques

XRENDER's Cloud Rendering Solution Features

Free scheduling

Adjust the task priority of scene file, according to the urgency.

Private order

Users can enjoy 1V1 rendering customization service

Drag-and-drop submission

Drag and drop the scene file to the client and parse it.

Self-service priority frame

During rendering, the wrong frame or the missing frame can be complemented by one-key.

Simple Render Steps

THE WIND GUARDIANS

刘阔导演作品

風語四九

《The Wind Guardians》 is famous for “oriental visual feast” . It took the production team 5 years to prepare and 3 years to produce it. Under the limit of time, XRENDER reasonably arrange the whole rendering tasks, together with super fast rendering speed and professional rendering service, then finally finished the rendering in time with a perfect vision effect.

《Chinatown detective 2》 box office: 500M USD

Totally there are more than 500 pcs of special lens, including more than 200 pcs of complicated 3D lens. XRENDER provided sufficient assurance for the movie schedule via effective rendering solution and technical service under cloud service.

2018 大年初一
More Successful Cases

An aerial photograph of a mountain range. The foreground shows a valley with a small town and a river. The background features high, rugged mountains with some snow and mist. A white rectangular frame is overlaid on the image, containing a black box with contact information.
